**The safe and effective use of these products has not been studied together.**

### **Natrella<sup>®</sup> Breast Implants IMPORTANT SAFETY INFORMATION**

**Breast implants are not lifetime devices. The longer patients have them, the greater the chance they will develop complications, which may require more surgery. Breast implants have been associated with a cancer of the immune system called breast implant-associated anaplastic large cell lymphoma (BIA-ALCL). Some patients have died from BIA-ALCL. Patients have also reported a variety of systemic symptoms such as joint pain, muscle aches, confusion, chronic fatigue, autoimmune diseases, and others.**

Natrella<sup>®</sup> Breast Implants are for breast augmentation and revision surgery in women at least 22 years old for silicone-filled implants and women at least 18 years old for saline-filled implants.

You should not get breast implants if you currently have an active infection, untreated breast cancer or precancer, or are pregnant or nursing. Tell your doctor about any conditions you have, any medications you are taking, and any planned cancer treatments. Breast implantation is likely not a one-time surgery. Having implants removed and not replaced may lead to permanent cosmetic changes of the breasts. Breast implants may affect breastfeeding. Gel implants may rupture without symptoms, so periodic imaging after surgery is recommended.

Key complications are reoperation, implant removal, implant rupture, implant deflation with saline-filled implants, and severe capsular contracture.

Talk to your doctor for more information.

The use of Natrella<sup>®</sup> Breast Implants is restricted to licensed physicians who provide information to patients about the risks and benefits of breast implant surgery.

### **BOTOX<sup>®</sup> Cosmetic Approved Uses and Important Safety Information**

#### **Approved Uses**

BOTOX<sup>®</sup> Cosmetic is a prescription medicine that is injected into muscles and used to temporarily improve the look of moderate to severe forehead lines, crow's feet lines, and frown lines between the eyebrows in adults.

#### **IMPORTANT SAFETY INFORMATION**

**BOTOX<sup>®</sup> Cosmetic may cause serious side effects that can be life threatening. Get medical help right away if you have any of these problems any time (hours to weeks) after injection of BOTOX<sup>®</sup> Cosmetic:**

- **Problems swallowing, speaking, or breathing**, due to weakening of associated muscles, can be severe and result in loss of life. You are at the highest risk if these problems are pre-existing before injection. Swallowing problems may last for several months.
- **Spread of toxin effects.** The effect of botulinum toxin may affect areas away from the injection site and cause serious symptoms including: loss of strength and all-over muscle weakness, double vision, blurred vision and drooping eyelids, hoarseness or change or loss of voice, trouble saying words clearly, loss of bladder control, trouble breathing, and trouble swallowing.

**BOTOX<sup>®</sup> Cosmetic dosing units are not the same as, or comparable to, any other botulinum toxin product.**

There has not been a confirmed serious case of spread of toxin effect when BOTOX<sup>®</sup> Cosmetic has been used at the recommended dose to treat frown lines, crow's feet lines, and/or forehead lines.

BOTOX<sup>®</sup> Cosmetic may cause loss of strength or general muscle weakness, vision problems, or dizziness within hours to weeks of taking BOTOX<sup>®</sup> Cosmetic. **If this happens, do not drive a car, operate machinery, or do other dangerous activities.**

**Serious and/or immediate allergic reactions have been reported.** They include: itching, rash, red itchy welts, wheezing, asthma symptoms, or dizziness or feeling faint. Get medical help right away if you are wheezing or have asthma symptoms, or if you become dizzy or faint.

**Do not receive BOTOX<sup>®</sup> Cosmetic if you:** are allergic to any of the ingredients in BOTOX<sup>®</sup> Cosmetic (see Medication Guide for ingredients); had an allergic reaction to any other botulinum toxin product such as Myobloc<sup>®</sup> (rimabotulinumtoxinB), Dysport<sup>®</sup> (abobotulinumtoxinA), or Xeomin<sup>®</sup> (incobotulinumtoxinA); have a skin infection at the planned injection site.

**Tell your doctor about all your muscle or nerve conditions**, such as ALS or Lou Gehrig's disease, myasthenia gravis, or Lambert-Eaton syndrome, as you may be at increased risk of serious side effects including difficulty swallowing and difficulty breathing from typical doses of BOTOX<sup>®</sup> Cosmetic.

**Tell your doctor about all your medical conditions**, including: plans to have surgery; had surgery on your face; have trouble raising your eyebrows; drooping eyelids; any other abnormal facial change; are pregnant or plan to become pregnant (it is not known if BOTOX<sup>®</sup> Cosmetic can harm your unborn baby); are breast-feeding or plan to (it is not known if BOTOX<sup>®</sup> Cosmetic passes into breast milk).

**Tell your doctor about all the medicines you take**, including prescription and over-the-counter medicines, vitamins, and herbal supplements. Using BOTOX<sup>®</sup> Cosmetic with certain other medicines may cause serious side effects. **Do not start any new medicines until you have told your doctor that you have received BOTOX<sup>®</sup> Cosmetic in the past.**

Tell your doctor if you have received any other botulinum toxin product in the last 4 months; have received injections of botulinum toxin such as Myobloc<sup>®</sup>, Dysport<sup>®</sup>, or Xeomin<sup>®</sup> in the past (tell your doctor exactly which product you received); have recently received an antibiotic by injection; take muscle relaxants; take an allergy or cold medicine; take a sleep medicine; take aspirin-like products or blood thinners.

**Other side effects of BOTOX<sup>®</sup> Cosmetic include:** dry mouth; discomfort or pain at the injection site; tiredness; headache; neck pain; and eye problems: double vision, blurred vision, decreased eyesight, drooping eyelids, swelling of your eyelids and dry eyes.

For more information refer to the Medication Guide or talk with your doctor.

To report a side effect, please call Allergan at 1-800-678-1605.

**Please see BOTOX<sup>®</sup> Cosmetic full [Product Information](#) including [Boxed Warning](#) and [Medication Guide](#).**

### **Natrella Perks<sup>®</sup> Terms and Conditions**

- Allē Members who undergo breast augmentation with Natrella<sup>®</sup> gel implants ("Member") may qualify to receive either (a) one (1) complimentary treatment of BOTOX<sup>®</sup> Cosmetic (onabotulinumtoxinA) up to 50 units OR (b) one (1) complimentary treatment of JUVÉDERM<sup>®</sup> Ultra XC up to two .55 mL syringes at participating Allē provider offices only. Allergan Aesthetics is not responsible for any associated injection costs.
- Members enrolled in Medicare, Medicaid, or other federal or state healthcare programs are not eligible for this offer.
- Member must claim offer in the Allē app via text message link within 6 months of their Natrella<sup>®</sup> breast augmentation and select their complimentary treatment.
- Once claimed, the selected complimentary treatment cannot be changed and the offer must be redeemed within 6 months. Offer expires 6 months after issue date into Allē Wallet.
- Limit 1 per Member.
- A healthcare provider will determine if Member is an appropriate candidate for a BOTOX<sup>®</sup> Cosmetic or JUVÉDERM<sup>®</sup> Ultra XC treatment.
  - If Member is an appropriate candidate, offer can be redeemed at a participating provider's office.
- Standard [Allē Loyalty Program Terms and Conditions](#) apply.
- Members will earn Allē points on all qualifying [Earnings Eligible Product](#) purchases, subject to applicable earnings caps.
- The value of this offer cannot be redeemed or exchanged for cash.
- Offer cannot be applied to past transactions.
- Offer cannot be combined with other Allē offers on BOTOX<sup>®</sup> Cosmetic or the JUVÉDERM<sup>®</sup> Collection of Fillers but can be combined with Allē and Allē brand-specific gift cards, Allē points offers, including Double Points offers, and other Allē brand-specific offers.
- The complete value of this offer must be used in a single transaction.
- If you have questions, please contact Allē Customer Support at 1-888-912-1572 Monday - Friday, 8 am – 6 pm CT.
- Allergan Aesthetics, an AbbVie company, reserves the right to alter or cancel this offer at any time.
