

Let's talk about
duck lips

1/4

"DUCK LIPS"

What are
duck lips?

"Duck lips" are overly pouty or plump lips. They can occur when **too much filler** or the **wrong product** is injected into your lips with improper technique.

2/4

"DUCK LIPS"

Consider Injectable
Hyaluronic Acid
(HA) Fillers
for your lips

Many people are looking for treatment that **blends naturally with their unique features**, so results look smooth and subtle—not obvious.
