

# FACT or FICTION?

All Injectable Hyaluronic Acid (HA) Fillers are the same.

1/4

## FICTION

There are many kinds of Injectable HA Fillers made for different areas of the face to achieve different aesthetic goals.

2/4

Your provider will choose an Injectable HA Filler that is **soft** and **flexible** or **firm** and **supportive**, depending on the area of your face being treated and your aesthetic goals.

The goal is always to help *restore natural volume or enhance natural features*
