AHA/BHA Exfoliating Cleanser

6.0 FL. OZ. • FOR ALL SKIN TYPES

Thoroughly cleanses and gently exfoliates skin

- This elegantly formulated exfoliating cleanser gently scrubs away dead skin
- Improves the appearance of skin tone and texture

HOW TO USE

Apply as the first product used in your morning and evening skincare routine, as tolerated. This product contains an alpha-hydroxy acid (AHA) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week afterward.

KEY INGREDIENTS

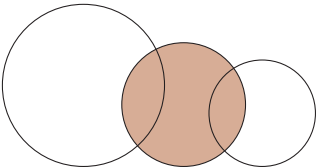

Lactic Acid, Glycolic Acid, Citric Acid, and Malic Acid (derived from natural extracts) reduce the appearance of wrinkles and enhance skin texture

Jojoba Oil gently exfoliates, minimizing irritation to skin

Salicylic Acid helps exfoliate skin

TNS® Advanced+ Serum

1.0 FL. OZ. • FOR ALL SKIN TYPES

Next-generation growth factor blend

Growth factors are natural substances made by skin cells and play a pivotal role in maintaining firmness and elasticity in your skin. Our products featuring TNS® growth factor technology deliver improvements in the appearance of coarse wrinkles, fine lines, and texture.

- This skin-rejuvenating formula improves the appearance of coarse wrinkles, fine lines, and texture starting in just 2 weeks¹
- Two powerful blends—TNS®-MR and RENESSENSCE (RSC) Advanced—work together for our most comprehensive results
- It's the only growth factor product proven to address sagging skin¹

HOW TO USE

Use in the morning and evening after cleansing. Apply one pump from each side onto your hand. Blend together and then apply to a clean, dry face. Allow product to fully absorb before applying additional products.

KEY INGREDIENTS

Chamber 1: TNS®-MR next-generation growth factor blend supports healthy skin functions

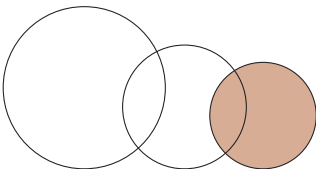

Innovative Peptide Complex nourishes your skin

Chamber 2: RENESSENSCE (RSC) Advanced Marine Extract supports skin's renewal processes
