

SKINMEDICA®

Dive into
deeper hydration

HA⁵ Hydra Collagen Hydrator

UP TO 48 HOURS OF DEEP HYDRATION
FOR VISIBLY PLUMP, DEWY, GLOWY, YOUNGER-LOOKING SKIN

Hydration is the key to healthy-looking skin

Dry or dehydrated skin can make your skin look dull and tired, and your wrinkles more noticeable.¹

DID YOU KNOW?

- Frustrations with dry skin affect all age groups²
- Collagen declines rapidly after the mid-30s, impacting skin hydration and suppleness³
- Maintaining a strong skin barrier and targeting hydration-boosting collagens within the skin can help your skin stay hydrated and healthy-looking

HYDRATORS

Hydrators encourage skin health by supporting the skin's natural ability to replenish hyaluronic acid (HA)⁴

MOISTURIZERS

Moisturizers increase hydration levels by trapping water in the skin to prevent loss or evaporation⁴

SKINMEDICA®

A deeper dive into ingredients

We've taken our most modern, innovative hydration ingredients to the next level with our proprietary HA⁵® Hydra Collagen Complex and Advanced VITISENSCE® Technology.⁵

HA⁵® Hydra Collagen Complex

2x more HA⁵®

Twice as much of 5 forms of HA as the previous HA⁵® formulation to prevent and replenish lost HA

- Hydrolyzed HA
- Sodium Hyaluronate
- Non-Cross linked HA
- Crosspolymer HA
- Liposomally encapsulated HA

+

Hydra Collagen

A vegan collagen that attracts and retains water for instant hydration and smoothness

*New
hydrator.
Better
results.*

Advanced VITISENSCE® Technology

Targets existing HAs and collagens within the skin to boost hydration naturally and support your skin's water retention for super hydration

THE RESULT: VISIBLY PLUMPER, DEWY, HYDRATED, HEALTHIER-LOOKING SKIN⁵

Quench your skin with *deep* hydration

felt **confident about their skin** at 12 weeks (n = 29)

90%
said their skin **looked dewy and healthy** at 12 weeks (n = 29)

83%
said skin looked **visibly plumper** at 12 weeks (n = 29)

100%
agreed it helps **optimize visible results of my facial injections** (n = 15)*

*When HA⁵® Hydra Collagen Hydrator is used after pre-elected facial injections at week 2.

~3 years younger

Patients reported that they looked ~3 years younger by week 12 (n = 23)

Hydration you can see⁵

Before Week 4

Female
White
Age 59
Fitzpatrick Skin Type II

Unretouched photos taken with parallel-polarized lighting of subject at baseline and at week 4 of using HA⁵® Hydra Collagen Hydrator.

Individual results may vary.

Before Week 12

Female
Asian White
Age 57
Fitzpatrick Skin Type III

Unretouched photos taken with parallel-polarized lighting of subject at baseline and at week 12 of using HA⁵® Hydra Collagen Hydrator.

Individual results may vary.

Hydration improves with continued use⁵

Results at week 1 (n = 30), week 4 (n = 30), and week 12 (n = 29) after twice-daily use of HA⁵® Hydra Collagen Hydrator.

Individual results may vary.

Even better together

DiamondGlow® is a clinically proven dermabrasion treatment that exfoliates, extracts, and then infuses HA⁵® Hydra Collagen Pro-Infusion Serum to transform rough, dry skin into dewy, visibly plump skin⁵

100%

agreed after 4 weeks that this HA⁵® Hydra Collagen regimen* provided **enhanced hydration** vs other hydration products used in the past (n = 16)⁵

3x

the radiance when used together^{5,†}

SkinMedica® HA⁵® Hydra Collagen Hydrator and HA⁵® Hydra Collagen Pro-Infusion Serum

Baseline

After 1 DiamondGlow® treatment

After 1 DiamondGlow® treatment and Hydrator application

Female
Asian
Age 32
Fitzpatrick Skin Type III

Unretouched photos taken with standard 1 lighting of subject at baseline, immediately after 1 DiamondGlow® treatment with the SkinMedica® HA⁵® Hydra Collagen Pro-Infusion Serum, and immediately after 1 DiamondGlow® treatment with the SkinMedica® HA⁵® Hydra Collagen Pro-Infusion Serum and application of the HA⁵® Hydra Collagen Hydrator.

Individual results may vary.

*After 2 DiamondGlow® treatments and twice-daily Hydrator use.

†Compared to a DiamondGlow® treatment alone.

YOUR SKINMEDICA® METHOD

DiamondGlow® Important Information

Uses

The DiamondGlow® device is a general dermabrasion device that gently removes the top layer of skin and delivers topical cosmetic serums onto the skin.

Important Safety Information

The DiamondGlow® treatment is not for everyone. You should not have a DiamondGlow® treatment if you have compromised skin quality. Tell your provider if you are pregnant or lactating, or if you have any medical conditions, including allergies, and if you are using topical medications on the area to be treated.

Typical side effects include a scratchy, stinging sensation during the treatment and temporary tightness, redness or slight swelling after the treatment. Rare serious side effects may also occur and include severe skin irritation and allergic reactions.

SkinMedica® Pro-Infusion Serums Disclaimer

SkinMedica® Pro-Infusion Serums are intended to meet the FDA's definition of a cosmetic product, an article applied to the human body to cleanse, beautify, promote attractiveness, and alter appearances. These products are not intended to be drugs that diagnose, treat, cure, or prevent any disease or condition. These products have not been approved by the FDA and the statements have not been evaluated by the FDA.

Please talk to your provider for additional information.

SkinMedica® Important Information

Use a sunscreen with an SPF of 30 or higher during any sun exposure when using Even & Correct Advanced Brightening Treatment.

Most SkinMedica® products are intended to meet the FDA's definition of a cosmetic product, an article applied to the human body to cleanse, beautify, promote attractiveness, and alter appearances. These SkinMedica® products are not intended to be drug products that diagnose, treat, cure, or prevent any disease or condition.
