

SKINMEDICA®

# Dive into *deeper hydration*

*HA<sup>5</sup>® Hydra Collagen Hydrator  
with Vegan Collagen*

UP TO 48 HOURS OF DEEP HYDRATION  
FOR VISIBLY PLUMP, DEWY, GLOWY, YOUNGER-LOOKING SKIN

# Hydration is the key to healthy-looking skin

Dry or dehydrated skin can make your skin look dull and tired, and your wrinkles more noticeable.<sup>1</sup>

## DID YOU KNOW?

- Frustrations with dry skin affect all age groups<sup>2</sup>
- Collagen declines rapidly after the mid-30s, impacting skin hydration and suppleness<sup>3</sup>
- Maintaining a strong skin barrier and targeting hydration-boosting collagens within the skin can help your skin stay hydrated and healthy looking

### HYDRATORS

Hydrators encourage skin health by supporting the skin's natural ability to replenish hyaluronic acid (HA)<sup>4</sup>

### MOISTURIZERS

Moisturizers increase hydration levels by trapping water in the skin to prevent loss or evaporation<sup>4</sup>

# A deeper dive into ingredients

We've taken our most modern, innovative hydration ingredients to the next level with our proprietary HA<sup>5</sup>® Hydra Collagen Complex and Advanced VITISENSCE® Technology.<sup>5</sup>

## HA<sup>5</sup>® Hydra Collagen Complex

### 2x more HA<sup>5</sup>®

Twice as much of 5 forms of HA as the previous HA<sup>5</sup>® formulation to prevent and replenish lost HA

- Hydrolyzed HA
- Sodium Hyaluronate
- Non-Cross linked HA
- Crosspolymer HA
- Liposomally encapsulated HA

+

### Hydra Collagen

A vegan collagen that attracts and retains water for instant hydration and smoothness

New  
hydrator.  
Better  
results.

## Advanced VITISENSCE® Technology

Targets existing HAs and collagens within the skin to boost hydration naturally and support your skin's water retention for super hydration

# Quench your skin with *deep* hydration

HA<sup>5</sup>® Hydra Collagen Hydrator with Vegan Collagen

- Powered by the HA<sup>5</sup>® technology that you know and love—with enhanced **48 hour** lasting hydration<sup>5</sup>

### DiamondGlow® Important Information

#### Uses

The DiamondGlow® device is a general dermabrasion device that gently removes the top layer of skin and delivers topical cosmetic serums onto the skin.

#### Important Safety Information

The DiamondGlow® treatment is not for everyone. You should not have a DiamondGlow® treatment if you have compromised skin quality. Tell your provider if you are pregnant or lactating, or if you have any medical conditions, including allergies, and if you are using topical medications on the area to be treated.

Typical side effects include a scratchy, stinging sensation during the treatment and temporary tightness, redness or slight swelling after the treatment. Rare serious side effects may also occur and include severe skin irritation and allergic reactions.

#### SkinMedica® Pro-Infusion Serums Disclaimer

SkinMedica® Pro-Infusion Serums are intended to meet the FDA's definition of a cosmetic product, an article applied to the human body to cleanse, beautify, promote attractiveness, and alter appearances. These products are not intended to be drugs that diagnose, treat, cure, or prevent any disease or condition. These products have not been approved by the FDA and the statements have not been evaluated by the FDA.

Please talk to your provider for additional information.

#### SkinMedica® Important Information

Use a sunscreen with an SPF of 30 or higher during any sun exposure when using Even & Correct Advanced Brightening Treatment.

Most SkinMedica® products are intended to meet the FDA's definition of a cosmetic product, an article applied to the human body to cleanse, beautify, promote attractiveness, and alter appearances. These SkinMedica® products are not intended to be drug products that diagnose, treat, cure, or prevent any disease or condition. These products have not been approved by the FDA and the statements have not been evaluated by the FDA.

Essential Defense Mineral Shield™ Broad Spectrum SPF 35 Sunscreen is an over-the-counter drug product that is formulated and marketed pursuant to the FDA's governing regulations set forth at 21 CFR Part 352.
