

US-FA-SM-00760 - SKINVIVE Lite Asset Refresh: Tia B&A

Asset: 1 In-Feed Video

Caption for Organic Facebook & Instagram:

More hydration, more glow*, more you! 💙 Designed by global skin experts, SKINVIVE® is the first and only microdroplet injection indicated to improve skin smoothness in the cheeks, leaving your skin looking as radiant as you are.

To learn more and to find a licensed specialist, visit skinvivebyjuvederm.com.

*Lasts 6 months with optimal treatment. Glow was reported by patients using a validated questionnaire that included satisfaction with how radiant their skin looked.

Keep Watching for Uses and Important Safety Information.
